

A message from our campaign co-chairs

Dear United Way friends:

For 90 years, our United Way has been an innovative force in this community. From helping newly arrived immigrants build a life in a new country to helping victims of Hurricane Andrew rebuild their lives following one of our nation's most destructive storms, our United Way has a long and successful track record of responding to emerging needs and transforming lives.

We have a community plan focused on education, financial stability and health. Education is at the foundation of it all. A good education leads to better jobs, better health, a better quality of life. And for those who need an extra hand, United Way is there to help.

It takes all of us working together to create a more educated, prosperous and healthy Miami-Dade, and you are essential to realizing that vision for our community. We invite you to give your time, your resources, your voice and your talents. Please give generously.

Join us and LIVE UNITED.
